

## Avalanche

Avalanche – französisch für Lawine – heißt das von Metrica entworfene Sofa, das seine Besitzer geradezu mit Gemütlichkeit überrollt, wenn man die Rückenlehne hochklappt und sich in die kissige Sitztiefe fallen lässt. Klappt man sie runter, wird aus dem ausladenden Kuschelsofa ein einladendes Vorzeigesofa – in allen Stoff- und Ledervarianten. Dazu optional: eine Ablage, die hochgeklappt zur Kopfstütze wird, ein Liegenelement, ein schmaler Sessel und der breite, tiefe „Love Chair“.

Avalanche, designed by Metrica, is the name of the sofa which practically snowballs its owners with cosiness when you fold up the backrest and plunk yourself down into the deep comfy seat. When you fold it down, the expansive cuddly sofa becomes an inviting showpiece – available in all fabric and leather versions. As an optional extra, a shelf folds up to form a headrest, a chaise-longue element a narrow easy chair and a wide, deep “love chair”.
